

# Student job at the International Passive House Association

## International Communications – Sustainability and Energy Efficiency in Buildings

Are you creative with a talent for taking technical concepts and turning them into easy-to-understand and engaging texts? Are you looking for somewhere to put your social media and communication skills to use? Then apply for a student job at the International Passive House Association (iPHA) in international communications!

iPHA is a global network of Passive House stakeholders including architects, planners, scientists, suppliers, manufacturers, contractors and property developers. It works to promote the Passive House Standard and foster a greater public understanding of its significance. Encouraging the exchange of Passive House knowledge, iPHA communicates with the media, policymakers, the general public and the entire range of construction professionals.

About the position:

- Support the iPHA team with the international network of Passive House professionals
- Social Media (Instagram, Twitter, Facebook)
- Copywriting tasks (blog entries, website texts, e-mail marketing)
- Proof-reading and PR materials design
- Website maintenance
- Events support

About you:

- Fluent in spoken and written English - ideally with some knowledge of German
- Excellent communication/PR/marketing skills
- Team player
- Ability to work independently
- Proficiency in MS Office, Wordpress and Social Media
- Interest in energy efficiency and sustainability – technical knowledge preferred

Benefits:

- Flexible, international and motivating working environment
- Exposure to EU and international projects and events
- Interesting and varied tasks
- Support in further learning on energy efficient building topics

iPHA Website: <https://www.passivehouse-international.org/>

Address: Passive House Institute, Rheinstraße 44/46, 64283 Darmstadt, Germany

Are you interested in working with us in an exciting international environment? Then please send your CV and cover letter to Giorgia Tzar at [bewerbung@passiv.de](mailto:bewerbung@passiv.de)

We look forward to receiving your application!
